Dear Chinese Language Teacher's Association of Victoria,

Thank you kindly for your generous donation to Baw Baw Radiology, supporting the regional healthcare industry during the COVID-19 crisis. We greatly appreciate this donation, as it will allow us to purchase much needed PPE, such as masks and hand sanitiser. We offer a wide range of modalities, including MRI and imaging-guided cortisone injections, so your donation will allow us to continue to operate as normal while keeping our staff safe. We greatly appreciate the support of our clinic, a locally owned and operated business, as well as regional imaging in West Gippsland.

Kind Regards

Trena Jackson

Owner/Director of Baw Baw Radiology
