Theme of the Conference

Fifty years of trials and tribulations resulted in half a century of glory. In 2024, we will celebrate the 50th anniversary of the establishment of the Chinese Teachers' Association of Victoria. Over the past fifty years, we have not only experienced the development of Chinese education in Australia; but also witnessed the flourishing of international Chinese education. To celebrate the 50th anniversary of the establishment of the Chinese Teachers' Association of Victoria, we have decided to hold a forum, inviting colleagues from all over Australia and New Zealand to celebrate with us. During the forum, we will invite international experts in Chinese education to discuss the new issues and challenges emerging in international Chinese education, thereby promoting the development of Chinese education in the Australia-New Zealand region. The discussions at this forum will mainly focus on the following aspects:

1. A retrospective of fifty years of Chinese teaching in Australia
2. The practice and reflection on the localization of international Chinese education in Australia
3. The past and future of Chinese language + profession in Australia
4. Opportunities and challenges brought by new technological developments to Chinese education
5. Issues of spoken and written Chinese in international Chinese education
6. Matching and communication between Chinese education in primary and secondary schools and universities
7. Planning and goals of Chinese education in primary and secondary schools
8. Standards of international Chinese education
9. The status and role of cultural education in Chinese education
